

**SWS Code: IC-M**

Worker:		Claim #:	
Company:		Job Title: Irrigation and Chemical Assistant <b>Modified</b>	
Phone No:		Hours per day:	Days per week:
Employer Name (please print):		Title:	
Employer Signature			Date

**Essential Job Duties**

1. Organize and label the irrigation pipes and fittings in shed by type and size
2. Make list of parts needed that are not already in stock
3. Organize the chemicals and inventory/monitor for restock
4. Check to make sure sprinklers are all working and note location of broken ones
5. Make list of parts not in stock needed to fix any broken sprinklers and give to purchasing agent
6. Be a parts runner for the irrigation system repairer(s). Go back to the warehouse and get them any parts or tools they need. This may require the ATV if it exceeds worker's lifting capacity.

**Machinery, tools, equipment and personal protective equipment:**

Hand held label maker, stickers, pen, marker, step stool and clipboard.

**Possible Modifications to Bring Job within Worker's Limitations:**

If walking requirements exceed the worker's physical capacities, a four wheel all-terrain vehicle may be used to traverse the grounds to inspect all the sprinklers.

A rolling mechanic's stool may be used for getting at the irrigation parts in the lower bins for organizing and labeling. Some come with tool caddies to assist in moving small parts, as pictured.

**FREQUENCY DEFINITIONS**

<b>N: Never</b> (not at all) 0 minutes	<b>S: Seldom</b> (1%-10% of the time) up to 48 min.	<b>O: Occasional</b> (11%-33% of the time) 49 min. to 2 hrs., 25 min.	<b>F: Frequent</b> (34%-66% of the time) 2 hrs., 26 min. to 5 hrs., 35 min.	<b>C: Constant</b> (67%-100% of the time) more than 5 hrs., 36 min.
--	---	---	---	---

PHYSICAL DEMANDS	FREQUENCY					DESCRIPTION OF TASKS
	N	S	O	F	C	
Sitting			X			There would be no sitting except on breaks unless the job is modified. Sitting would be occasional if the stool is used. Please indicate if the stool is required.
Standing			X			While inventorying or labeling bins of parts in shed.
Walking			X			Around shed and around farm to inspect sprinklers. Walking (on uneven ground) can be reduced with use of the ATV. Please indicate if the ATV is necessary.
Climbing Step Stool		X				May be necessary to access parts on the top shelves. A step stool should be adequate vs. a ladder.
Twisting at the Waist		X				May be necessary from step stool, or the stool may be moved at worker's discretion to access parts on top shelf.
Bending / Stooping		X	X			To occasional as described. Rarely with rolling stool. Please indicate if stool is necessary.
Squatting / Kneeling	X	X				Rarely as described. Never with rolling stool. Please indicate if stool is necessary.
Crawling	X					Not required
Reaching Out <b>Worker's discretion</b>				X		Worker will reach out to examine or move parts, also to affix labels to bins of parts.
